

## Call for Applications: BAICE Student Representative

Are you passionate about representing your fellow students? Do you feel you have a contribution to make to international and comparative education? Then, we would like to hear from you!

We are looking for a new BAICE Student Representative who will join the BAICE Executive Committee in December 2023 until December 2025, to work alongside our current Student Representative, Surya Deka. The commitment involves attending three Executive Committee Meetings each year and the BAICE/ UKFIET conference; the organisation of the BAICE Early Career Researchers event; fielding inquiries from BAICE student members and representing their needs to the Executive; and aiding in the organisation of additional student-led initiatives as appropriate. While this is a voluntary role, it is an exciting and interesting challenge, and a great networking opportunity for anyone involved in international and/or comparative education.

Please be aware that in addition to two Student Representatives BAICE also has a larger Student Committee to aid in the organisation of student-led activities. If you are not elected as a Student Rep. on this particular occasion, you could still consider being a part of this Committee.

Applicants for this role should be PhD students who are currently enrolled in a UK higher education institution. They should send a CV (maximum of 2 pages) outlining their research interests together with a 1-page (maximum) cover letter explaining what they think BAICE could do for students and how their experience is relevant to this role. We especially welcome applications that include your ideas about how BAICE could more actively and inclusively engage diverse student members. Please also state whether you wish to be considered for the Student Committee if your application for Student Rep is unsuccessful. To be eligible, you must either be a current member of BAICE or be willing to join the Association should you be elected. It is expected that the role will be undertaken from the UK as it will involve travelling to and attending events on behalf of BAICE. Therefore, while we welcome applications from students with less than two years of their degree remaining, we ask that these applicants outline their plans for being able to continue in the role beyond the completion of their degree.

The closing date for applications is **midnight on Monday 20<sup>th</sup> November 2023**. Please email your application to the BAICE Secretary at [secretary@baice.ac.uk](mailto:secretary@baice.ac.uk). For more information about the role, please contact Surya Deka and Emma Jackson at [students@baice.ac.uk](mailto:students@baice.ac.uk).
